## SUMMARY

Aspiring Full Stack Java Developer with expertise in Java, MySQL, and web technologies, eager to contribute to innovative software solutions. Skilled in building scalable applications, backend development, and database management. Passionate about integrating AI-driven enhancements to improve automation and user experience. Recognized for analytical thinking, adaptability, and a commitment to continuous learning. Seeking opportunities in a dynamic environment to apply technical expertise effectively.

## EDUCATION

- **Bachelor of Engineering in Information Technology**  
Tulsiramji Gaikwad Patil College of Engineering and Technology, Nagpur  
Expected Graduation: October 2025 | CGPA: 8.87
- **XII (State Board)**  
Municipal Junior College, Pauni | Year of Passing: June 2021 | Percentage: 82.8%
- **X (State Board)**  
Wainganga Vidyalaya, Pauni | Year of Passing: June 2019 | Percentage: 66.6%

## TECHNICAL SKILLS

- **Programming Languages:** Java (Core Java, Advanced Java – JSP, Servlets)
- **Web Development:** HTML, CSS, JavaScript, Bootstrap
- **Database Management:** MySQL, JDBC
- **Framework :** Spring , Hibernate
- **Problem Solving & Collaboration:** Strong analytical thinking, teamwork, and communication skills

## INTERNSHIP EXPERIENCE

### Java Developer Intern

Upskill Campus | Feb 2024 – Mar 2024

- Built Random Password Generator and Rock-Paper-Scissors Game using JSP, Servlets, and JDBC, improving user interaction by 40%.
- Refined database queries, reducing query execution time by 25%, enhancing backend performance.
- Enhanced problem-solving skills by troubleshooting and debugging real-world application issues.

### Web Developer Intern

Kanthariya Technology | July 2024 – Oct 2024

- Designed a responsive website, "Muse Match," using HTML, CSS, JavaScript, and Bootstrap.
- Enhanced user engagement by 20% by implementing interactive features.
- Improved website performance, reducing page load speed by 15% for better user experience.
- Contributed to a client- focused digital marketing platform by designing a responsive website to showcase services and portfolio.

## CERTIFICATIONS

- **Full Stack Java Development (2024)** – Java, front-end technologies, and database integration.
- **DSA with Java Certification (2023)** – Data Structures and Algorithms in Java, focusing on optimization.
- **O'LEVEL Software (2024)** – Certified in programming fundamentals, software development, and IT tools.

PROJECTS

Electricity Billing System (November 2025)

- Developed an Electricity Billing System using Java, Spring Boot, Swing, and MySQL for streamlined bill generation and payment tracking.
- Analysed electricity consumption patterns for 10,000+ users, improving billing accuracy by 20%.
- Integrated automated bill forecasting models with 90% accuracy, enhancing decision-making.

Restaurant Management Website (October 2024)

- Created a responsive restaurant website using HTML, CSS, JavaScript, and Bootstrap, ensuring seamless user experience.
- Added an interactive menu and reservations, improving customer engagement by 30%.
- Enhanced performance, ensuring fast loading across all devices.

Muse Match - Digital Marketing Platform (August 2024 –September 2024)

- Designed an SEO-optimized, responsive website using HTML, CSS, JavaScript, and Bootstrap.
- Boosted user engagement by 20% through dynamic UI enhancements and smooth navigation.
- Increased site traffic with an engaging, well-structured layout.

ADDITIONAL INFORMATION

- **Languages Known:** English (Fluent), Hindi (Fluent), Marathi (Fluent)
- **Hobbies:** Exploring new technologies, discovering programming innovations, collaborating with teams

KEY STRENGTHS

- Strong communication and teamwork abilities
- Detail-oriented with a commitment to delivering high-quality solutions
- Excellent problem-solving and analytical thinking skills
- Quick adaptability to new technologies and frameworks
